

“Specials” Private Lessons Information

NRDA 2013-2014

So what is a “special”? A “special” is a dancer seeking private lessons for a variety of reasons. Your dancer may strive to have a solo in our dance recital. Maybe she wants specific focus on technique, flexibility, or tumbling. We have a few options that may interest your dancer in specialized one-on-one training. If you have interest in exploring this option, please complete this form and Ms. Amy will follow-up with each family for next steps.

The Dancer must take a weekly group class in the style of dance they are seeking focused effort on. The dancer must commit to one-month of private lessons and an evaluation. Upon completion of the evaluation, the instructor will advise on the next steps. Not all dancers may be invited to do a solo, but the instructor will offer suggestions to strive to this level.
